

## CALL CONVOCATION EARLY IN NEW YEAR

Premier Rutherford Says Exact Date Will Be Known in a Few Days—Senate Will Have Full Control of Affairs of University.

The convocation of the new university will take place early in the month of January, probably on the 2nd or 3rd, in reply to the Bulletin's query. "The exact date will be known in a few days," said Mr. Rutherford, "as we have been waiting for the completion of regulation by university presidents and deans. It is probable that a number of the Senate members, who are graduates, were slow in registering, being recently married, have been born since last summer, and so on. There are 200 all. Saskatchewan had 265 names, and although they claim to be the largest, we hope to have quite as many graduates here. When all have been registered, probably in the New Year, they will then themselves select the senate of sixteen members, and then those who are not re-elected will then have definite power to act."

"Very nearly definite, but very for power," said Mr. Rutherford. "It is a most important body. The university will be an institution of growing importance, and it is with this senate its direction lies, not with the government, which will have no control over the university. That is a matter clearly indicated, however, in section 27 of the University Act."

**Senate's Complete Control.** Reference is made to the section of the University Act which states that the Senate shall have power to regulate its meetings and proceedings and shall have full charge and supervision over all the affairs, concerns and property of the university.

"As the senate is to control the affairs and property of the new institution, it is evident that the government or any other party than the senate in regard to the control of the university will be at a loss. The organization of the faculty also needs

with the senate.

DR. H. M. TORREY.

Of McGill University who has been appointed president of Alberta's new university. He has been requested to take up the preliminary work in connection with the university.

**The University's President.** The new president, Dr. Torrey, one of the foremost educators in Canada and for many years a highly esteemed member of the faculty of the University in Edinburgh, about the 1st of January. He will at once set about the preparation of the new university. He will visit the various high schools of the province and see to their preparatory work for the university. After making a comprehensive tour of the country, Dr. Torrey will make a tour of various colleges and universities in Canada and the United States, studying the systems of education which are best adapted to the conditions and requirements of this province.

## Real Estate

Do you want a vacant lot? Do you want a house and lot? Do you want a 5-acre plot? Do you want a farm? We claim to have one of the best lists in the city for speculation or investment. List with us for quick sale.

## STRATHCONA NEWS

### RATEPAYERS' MEETING.

The annual meeting of the ratepayers of Strathcona will be held in the Oddfellows' hall on Monday evening, December 24th, at 8 o'clock. The bills will be presented by Mayor Mills and reports of the work of the different committees will be read by the chairman of the various committees. It is probable that a number of the members of the council will be present and relieve the scarcity that is at present existing.

### GRANDIN SCHOOL LITERARY.

The pupils of Grandin school held a very enjoyable entertainment on Saturday afternoon, the program consisting of the following:

Piano solo—Muriel Wilson.

School paper—John Wilson.

Dialogue—John Skinner, Mary Scarroway, Florence Clark, Regge

Chorus—Glee club

Next Friday's meeting will take place at 8 o'clock at the ratepayers' meeting with a civic election.

**MAYER MILLS IN THE FIELD.**

The announcement that Mayer Mills has decided to be a candidate for mayor has been received with pleasure by many of the citizens of Edmonton. His name continues next year the work he began this season. Mayer Mills has given a great deal of time to the welfare of the city during 1907 and the recommendation that the city pose him again for the office of mayor is a matter clearly indicated, however, in section 27 of the University Act.

**Senate's Complete Control.**

Reference is made to the section of the University Act which states that the Senate shall have power to regulate its meetings and proceedings and shall have full charge and supervision over all the affairs, concerns and property of the university.

"As the senate is to control the affairs and property of the new institution, it is evident that the government or any other party than the senate in regard to the control of the university will be at a loss. The organization of the faculty also needs

with the senate.

### LOCAL.

W. F. Cameron is the first ratepayer to announce himself in the field for alderman. He will stand for Ward 3.

At the Baptist church service on the Fatherhood of God in the evening with communion, Rev. Mr. C. C. Brown will preach on "The Youth and the Church." The pastor will preach on both occasions.

A timber wolf weighing 150 pounds was brought to the city of Jasper. It had been shot at Marwayne.

There are six cases of typhoid at the Strathcona hospital at the present time.

McGill is very unwilling to part with this distinguished number of its faculty, but Dr. Torrey has found the call of the west stronger than the call of the east.

The doctor is not only a leading educationalist, but a stronger organizer, and has shown great ability in organizing a branch of McGill University in British Columbia.

He is examining students in the course of study which is designed to be a good fit for the whole province, a strong research center, and a place where people

will be provided through educational facilities for the young men of the province who will be unable to attend eastern universities.

At the present time there are at least thirty thousand students in the various institutions of learning in Eastern Canada.

**Sketch of President.**

Henry Marshall Torrey, M.A., B.D., D.Sc., LL.D., formerly Associate Professor of Mathematics in McGill University, is now the Vice-Chancellor and organizer of the University of Alberta, and who, very probably, will become the first Chancellor of the University of Nova Scotia.

He is of English descent on both sides.

He was born at the close of the American Revolutionary War. He was educated in England, and after attending the University of Cambridge, England, entered McGill in 1886, graduated in 1890 as gold medalist, and his first rank honors at the close of each year of his university course.

After graduation he went to the Cavendish Laboratories, Cambridge, England. He then prepared to enter the Wesleyan Theological College, Methodist Church, Liverpool, England, after two years of service, to become a minister of the gospel in the church, taking the B.D. degree from the Wesleyan Theological College, Liverpool, England, in 1895. He shall distinguish themselves by special research and learning in mathematics, and in 1896 he received the LL.D. degree in 1896 at the University of St. Francis Xavier at Gaspé, Quebec.

Dr. Torrey's scientific publications include the following, viz.:

A college text book on Laboratory Physics in conjunction with Mr. F. H. Pitcher.

A contribution of the Le Chatelier and the Platinum Residuum Pyrometers.

The Standardization of the Thermometer.

The effects of dissolved gases on metallic surfaces.

A paper reading Air Thermometer.

Dr. Torrey is a member of the American Physical Society, and the American Association for the Advancement of Science.

In addition to his scientific work, he was highly engaged in the general welfare of the city, the university and the country, being successively secretary of the Examining Board of the Royal Canadian Institute, University Matriculation Board, and the University Examining Board.

He has given special attention to the problems of university expansion. He established the Royal Canadian College of British Columbia, and was appointed Associate Professor in 1903, and Government Fellow on the University Corporation in 1906.

Coal dealers announced a reduction in the price of coal this week to \$4. The mild weather has caused a glut in the two cities. Farmers and individuals are not able to buy coal at some of the mines for sale in the cities, a fact which has done much to supply the rather slack demand.

### AUCTION SALE.

**MITCHELL & REED AUCTION ROOMS,**  
**JASPER AVENUE EAST.**

## CAN A MAN LOVE MORE THAN ONCE?

A Question on Which Honest Divergence of Opinion Exists—And One on Which Everybody Agrees.

An eminent writer on the ethical question of love has said: "To be happy a man need only agree with his wife in two or three things." Another says that most women can really make only two, three, or four times with equal frequency that they are only really loves ones. There are many opponents of the theory who with equal earnestness controvert experience. The writer goes on to say that the spirit of consumption which developed from the eighties and, though a sense of duty to his wife, though a sense of remuneration, cannot break away from him. He has contracted consumption from his wife, but learning of the wonderful merits of the cure, he has overcome his lung troubles, promptly restored to health. He states his wife is perfectly restored.

I present a case and test myself by Psychiatry. I was given up to the physician, Dr. C. L. Smith, by Prof. Lynn, Bush Medical College, Chicago. I suffered several years after this through consumption, but through it was I restored to perfect health. My wife has enjoyed for the past ten years. My wife has been with her husband ever since, with catharsis of the head. She is perfectly restored and her grippe suffers to take place.

Mrs. A. V. WILSON, Physician, pronounced my wife the most wonderful woman to me, medical science for cough, colds, influenza, pneumonia, pleurisy, night sweats, consumption, etc., and she has cured me of stomach trouble. At all drugists, 50c and \$1.00, or Dr. T. A. Shewell, 1519 King street west, Toronto.

## PUBLIC SCHOOL SALARY SCHEDULE IS REVISED

Judge Taylor Leaves the Public School Board — New and More Liberal Schedule of Salaries for All Teachers.

An adjourned meeting of the Public School Board was held in the Crystal Room Thursday evening. The chief matter dealt with was the salary question. It was voted to increase the maximum by \$100, and to make the necessity of giving additional remuneration to teachers. What was voted did not amount to a raise for the teacher who had not reached the maximum under the schedule, the maximum being \$1,000. This is a year's additional experience, but this was felt to be only a temporary arrangement, as the maximum of the schedule was decided upon at that time.

The chief feature of the new schedule is that it reduces the time of maturing of the schedule in the case of a teacher remaining continuously in the same position for three years, which, with the larger annual increases and higher maximum, is a year's additional experience, but this was felt to be only a temporary arrangement, as the maximum of the schedule was decided upon at that time. The salary of the high school principals and assistants and of the elementary principals has been slightly increased. The former maximum in the case of the high school principals is \$1,000, and now \$1,200. The maximum for assistants has been set at \$1,500, and the same in public schools, with a large clause. Provision is made for remuneration to principals of temporary schools. The report of the school management committee is given in full below.

Your committee on salaries beg to report as follows:

**High School.**  
Principal—Increase \$100 per annum, making maximum \$1,200. Increase \$100 per annum, making maximum \$1,000. Increase \$100 per annum, making maximum \$1,500. Total maximum for assistants has been set at \$1,500, and the same in public schools, with a large clause. Provision is made for remuneration to principals of temporary schools. The report of the school management committee is given in full below.

**Public Schools.**  
Elementary principals and assistant principals have been increased \$100 per annum until \$1,500 is reached.

**Teachers.**  
Elementary principals and assistant principals have been increased \$100 per annum until \$1,500 is reached.

**Teachers.**  
Teachers who have been in the employ of the school for less than one year under the present schedule receive at the New Year the same amount of money as they did during the previous year closely to the salary they would have received under the old schedule.

**Changes in annual salary.** shall be made only on January 1st, each year. The new schedule begins at any late time of year shall receive on December 31st of the same year the same amount of money to initial salary as their service over one year shall entitle them to, and shall receive the same amount of money to the second year of service from the following January.

In the case of principals of temporary schools working on the salary of assistant teachers, this schedule shall be made retroactive to August 27th, 1907.

The board, on the recommendation of the school management committee and superintendent, may engage teachers of experience in towns or city schools of eight or more students on the same scale above that of ten years' experience under the schedule of the board.

**One year's provision.** One year's provisional service in the case of teachers without graded school experience before becoming eligible for service.

The board considered the resignation of Mr. C. Taylor and expressed regret at the necessity of accepting it. He has been a member of the board for many years and has discharged his duties with a willingness and public spirit that have made his term an honor to the school system and the public. The chairman emphasized the humanity that had always characterized Mr. Taylor's work in the school. Mr. Taylor will complete the year, an election will be held to fill his place.

The building committee reported that title 6, the site of the flats, had been secured and were about to proceed to secure an alternative site if matters could not be satisfactorily arranged at present as to have a sufficient cause for occupying the flats. Years Schools will open at 9:30 on Monday and for the three succeeding months.

The petition of the High School boys to form a cadet corps was granted and the school management committee to this effect will add a recommendation for same organization in the two large public schools.

A communication from the city building inspector referred to the building committee and architect.

### IMMIGRATION INQUIRY.

Will Close Today in Vancouver. Court Provided Jays With Money.

Vancouver, Nov. 28.—Evidence today in the immigration inquiry, which began on Nov. 20, showed that Consul Mekikawa and the Japanese Consul here, who offered a sum of \$1,000 as a guarantee that the 15 Japanese arriving with him and the 100 others who had come from Japan, would not become public charges.

It was further shown that in return for the \$1,000 the Japanese Consul had demanded five dollars.

From such, The practice was condemned and the Japanese Consul was held responsible and that was the only instance. Called for the provincial government to grant a certificate of naturalization to Japanese. One witness stated that while papers were issued with only a few months' residence, however the act of naturalization was held valid and this was a fault of the Dominion act.

Kingston Lady Dead.

Kingston, Nov. 28.—Annie Conningham dropped dead while paying a call. She was a friend of the poet Tom Moore.

Slipped on your feet.

Just the thing to wear about the house — to sew in, work in, read in — when the weather gets so cold. Then mean warm feet on long walks and sleigh-rides, too.

Elmira Felt Slippers and Shoes are made in all sizes for men, women and children — in a number of serviceable, attractive styles. Look for the trade mark — shown above — which is stamped on the heel of every genuine pair. Sold by Leading Dealers.

### Drowned in Swimming Bath.

Berlin, Nov. 28.—The States attorney has been requested by Prince Philip Eulenburg, former German ambassador to Vienna, to bring an action against Dr. Harden, the editor of Die Zukunft, which paper charged the Prince with spreading rumors concerning the recently exposed court scandals. According to the announcement of Lord Amherst, the German ambassador, for Harder, is also included an action which charges slander in place of libel. The suit brought by Baron von Moltke against the editor for defamation of character was dismissed by the court, and the defense decided to accept the request, and Germany, will likely be once more engaged by revolutions in general events.

**Drowned in Swimming Bath.**  
Elmira Felt Slippers and Shoes are made in all sizes for men, women and children — in a number of serviceable, attractive styles. Look for the trade mark — shown above — which is stamped on the heel of every genuine pair. Sold by Leading Dealers.

### Trial of Regina Chiraman.

Regina, Nov. 29.—The trial of Mack Sing, charged with the murder of his son, P. G. Chiraman, a Hindu merchant, who was the guest in the Capitol restaurant last August, opened here yesterday. Chiraman was found dead in the bath, and the strange feature is, though several young men had been in the bath, no one had ever touched the body. It was not till 3:30 that Roy Miller made the discovery, and with difficulty. The deceased was about 25, a Welshman engaged in mining, had savings of \$1,000, and though he was a power being able to swim, was actually taking in directions from a sun-bone.

### Many Deaths From Carelessness.

Chicago, Nov. 29.—Seventy-one persons were killed, mostly by carelessness in the hunting season of 1907 in the United States, where 71 lost their lives. The number of injured is greater, being 97. Amongst fifty persons lost their lives in pursuit of game as against 53 last year. The Crown charged that Mack Sing had gone over to the Capitol to borrow some money and that he returned the meal, and that eight of the Capitol boarders derive their income from the hotel.

The new law in Michigan, which makes the killing of a hunter by mistake manslaughter, has not been the number of deaths from this cause.

### Active Market in Montreal.

Montreal, Nov. 29.—There was a striking improvement in the stock market today in the early trading. A long continuation of quiet, with little change, was unlikely, owing to difficulties in the money situation, but it is confidently felt now that the worst is past, and conditions will improve.

The new law in Michigan, which makes the killing of a hunter by mistake manslaughter, has not been the number of deaths from this cause.

### Hinchliffe Up For Hearing.

Regina, Nov. 29.—Engineer Hinchliffe, who was indicted for the murder in connection with the wreck of C. P. R. passenger train at Estevan, Oct. 31, was up for trial this morning. The hearing, however, was adjourned for eight days.

### May Not Accept Appointment.

Regina, Nov. 29.—A. E. McLean, recently appointed county judge of澄登, Ontario, has accepted the position, and claims the salary attached (\$2,000) and compensation for the loss of his practice.

### The Toronto Stock Market.

Toronto, Nov. 29.—The market is very active, and the whole tone is more buoyant. Mackay common was quoted at 49, insurance at 50, McLean at 40, and Twin City at 42.

TENDERS FOR COAL

**SEALED TENDERS** addressed to the Deputy Minister of Public Works, Edmonton, will be received up to 12 o'clock noon on Friday, November 24, 1906, for the supply and delivery of coal required for the heating and power plant at the new City Hall, Edmonton, Alberta, for heating and other services in connection with the new city hall buildings, Edmonton. The coal to be delivered will be of quality known as screened hard anthracite, and will be delivered in minimum units of 100 tons. Delivery will be made as directed, and the Coal Bidder will be required to submit a written notice to the City Clerk, giving his name, and also the name of the Mine from which they propose to make delivery. The coal to be delivered will be required to enter into a Contract by which the tenderer agrees to pay the City for the coal delivered. The right is reserved to reject any of all bids, or waive any defects.

JOHN A. MCDOUGALL,

Deputy Minister  
Dated at Edmonton, this 23rd day of November, 1906.

## ELECTION CARDS.

TO THE RATEPAYERS  
OF EDMONTON:

Having agreed to accept the nomination of Mayor for the ensuing year, I wish to state clearly and concisely that I would recommend and pursue if elected.

I realize to some extent the condition of the city's affairs at the present time, and I am fully aware of the first duty of the new mayor and council to fully acquaint themselves with the city's financial position, and if found in an unsatisfactory condition endeavor to place it in the earliest possible moment to place it in a more satisfactory condition.

It is generally admitted that next year must be of strict economy, that no unnecessary purchases be made, that no expenditures be made without careful consideration, and that every effort be made of being able to finance all expenditures that may be made.

Our efforts for work that have been entered must be carried out.

Extinctions and additions to our public utility system are necessary, and the necessary and as the city has a monopoly on them it must supply all reasonable demands.

I believe in municipal ownership of public utilities if they can be made to pay, and to be of benefit to the city and efficient service. My idea as to their management would be to have the revenue from the same turned over to the city entirely of each other, and each under a capable manager who would be responsible to the city and the city council.

I would endeavor to systematize every department of the public service, and to have every department in such a way as to meet the needs of the people and give general satisfaction, and to have the motto of selling the street railway franchise.

Educational institutions are committed to the care of the city, and the public school system is the best. There is no reason why such undertakings as Edmonton has entered into or initiated should not be continued, and good business management be made to pay and result in lessening the burdens of the city, and to give the city a direct benefit to our citizens as a whole. This is the purpose of municipal government.

The fire and police departments should be kept up to the limit of efficiency; the former is generally considered the first importance and that no time should be lost in attending to those.

I believe that the encouragement of industries as nothing will build up a city faster than manufacturing establishments. Special efforts, therefore, should be put forth to make Edmonton a manufacturing center of the West, the commercial metropolis of the West.

I see there is a movement on foot to amend the constitution of the province to give the right to vote to municipal elections. I think this should be done, as the right to vote is a fundamental right, and stands altogether too high and the taxes very heavy. If it is all the same to the voter, the amendment and the taxes should be reduced.

My own interests like yours are identical with the city's, and the city's affairs are well managed we should all feel the benefit of it. Good business is the best guarantee of success. The conduct of all civic affairs and full value should be reserved for every dollar so spent. We should be willing to pay the bills and you cannot get out of doing it.

I have in good wages, good men and good government.

I have every confidence in the future of Edmonton, and in the ultimate success of the city's enterprise.

If the citizens of Edmonton shall give me the opportunity of contributing to further progress of the city their confidence in me will be repaid.

And my great pride to me is to contribute to the city's growth in every way in my power.

JOHN A. MCDOUGALL,

TO THE ELECTORS  
OF THE CITY OF EDMONTON:

At the expiration of 12 years, during which time I have continuously served the City as an alderman, I would, if willing return to the seclusion and quiet of private life was not aware that the world outside of the city was filled with dangers and difficulties. Great problems confront the City at the present time, and the expenditure of a large portion of public money during the past few years, there is nevertheless a great amount of public works, man-made, more, a more extensive connecting, and a greater expenditure of money than ever before in the history of the city.

I solicit your vote in support of my movement to have furnished to us by the City Council a statement of the present condition of the city's business, and to have it made clear to many of us, that street R. E. also meant pavements, pavements, and sidewalks, and that the city's connection to the new telephone system. I am of the opinion that the cost of the work upon us by the street R. E. and pavements, the laying of which is to be done by the city, the city would not be able to do in the position they are having to complete this work.

I solicit your vote in support of my movement to have furnished to us by the City Council a statement of the present condition of the city's business, and to have it made clear to many of us, that street R. E. also meant pavements, pavements, and sidewalks, and that the city's connection to the new telephone system. I am of the opinion that the cost of the work upon us by the street R. E. and pavements, the laying of which is to be done by the city, the city would not be able to do in the position they are having to complete this work.

Respectfully yours,

## ACCOUNTING OF STEWARDSHIP

(Continued From Page One)

ton is the most rapidly growing city in western Canada at the present time.

The engineer contemplated this year a \$100,000 budget, but nothing in his term that was of benefit to the city he was glad as he was away from it to act in the best interest of the city.

Mr. Brenton—"It is the policy of the city to lay all service pipes of sewer and water main in the city yards. This was one of the incidents of the financial statement, and in some cases have been deferred in the case of steel rails which had largely increased in price since the city made its purchase."

## The Financial Situation.

With regard to the financial situation it was said that there were no amounts of money made up in the city yards. This was one of the incidents of the financial statement, and in some cases have been deferred in the case of steel rails which had largely increased in price since the city made its purchase."

## The Mayor's Own Work.

Speaking of himself, Mr. Ald. Manson said that he had been engaged in the affairs of the city during the time he has held office, and that the city affairs at considerable financial loss to himself. How the work was done it remained for him to say, but he said his son, Mr. Justice Beck, and was being considered for the position of city solicitor.

K. W. McKeon asked with reference to the devaluation of the franchises and was told by Mr. Barton—  
"Ald. Garrison."

Ald. Garrison was the last speaker. He explained that the franchise case had been departmentalized, and that for the reason the mayor submitted the reports of different committees as former years, he was not able to act in the best interest of the city.

Mr. McKeon asked with reference to the devaluation of the franchises and was told by Mr. Barton—  
"Ald. Garrison."

Ald. Garrison was the last speaker. While the council of 1906 had done everything they could do, nothing was done.

Everything that was done was good, but the council did not have the power to make a good deal do better. He condemned the policy of belittling the work of the administration.

The same changes were made from year to year. Men who got elected to the city council were not afraid to speak up before the council. Two had been dealt with by the ratepayers and the other two were not afraid to speak up.

The danger of granting too many franchises in a city where the people are not advised for or against the franchise but he urged that the ratepayers see the agreement and read it for them selves.

## SPORTING NEWS

## COLLEGE TEAM WON'T ENTER.

Ottawa, Nov. 29.—Ottawa College will have no hockey team in the Intercollegiate Hockey League this year, as reported. The University authorities have decided that owing to the fact that a late start was made by the university in the preparation of the team, the students will be pretty busy outside in class hours, with debating and other university activities.

College will form a team, however, and will try to enter the competition, as far as the other clubs are concerned.

The senior amateur hockey club (the Wanderers) have secured the services of Mr. McKinnon to act in conjunction with the new manager.

Mr. McKinnon said—  
"Would Ald. Manson allow me to ask him a question? If he owned a \$100 lot and a workman built a house on it, would he not be a family who would have the rate, Mr. Manson or the workman?"

Ald. Manson did not understand the question and upon it being repeated—  
"Well, I can say that is a man foolish enough to do that should have a vote."

Mr. Barker—"I want an answer to my question."

Ald. Manson—"We'll leave it to the Commissioners."

Ald. Picard—  
"Ald. Picard."

Ald. Picard, of the committee of new industries, would not go into the question of finances as they had been fully discussed by the commissioners.

He had suggested the scheme to the necessity for new industries in the city to outlined the scheme for grants to be given to the companies that the city could supply at cost. He however, did not approve of the granting of homesteads.

He had protested against the expenditures made this year in some cases. For example, he said that the city had spent \$10,000 for street paving. Paving, however, at the recommendation of the engineer had been put off until next year. The purchase of the materials on hand was authorized by the commissioners, and the contracts that were to be made to fulfill the contracts that the people had asked for the non-existent.

Ald. Picard had with the present committee to serve the best interests of the city. The commissioners had been instrumental in criticizing themselves, but he would say that there was not a city in western Canada that had the same proportion of public works done this year than Edmonton had, and there was not another city of the same size that had the other services.

He had protested against the expenditures made this year in some cases. For example, he said that the city had spent \$10,000 for street paving. Paving, however, at the recommendation of the engineer had been put off until next year. The purchase of the materials on hand was authorized by the commissioners, and the contracts that were to be made to fulfill the contracts that the people had asked for the non-existent.

Ald. Picard—"It is possible to make out a list of the properties purchased for the G.T.P.R. right of way, from whom purchased, and the assessed value of the times?"

The mayor will have the list prepared.

Mr. Barker asked if Mr. Picard was in favor of giving tenants votes. Mr. Picard said he had stated in his platform that he was.

Ald. Smith—  
"Ald. Smith."

Ald. Smith, who was especially assigned to the question of roads and transportation, said that he would like to see a road to the south end of the city.

He had been instrumental in making it compulsory to build a traffic sign in connection with the bridge.

He said that when the crossing of Peace and Athabasca avenues and the city had received the privilege of crossing the bridge, he had suggested that those that should have overbridge bridges.

Mr. Bellamy—"Does Ald. Smith for a moment consider that he has a right to anything in having the claim with reference to Peace and Athabasca intersected?"

As he had been elected under the railway act and was reelected under the railway act and was reelected by lawmen in both cities in the spring of 1906. In view of the fact that he had taken any credit for having secured this in the agreements."

Ald. Picard—"I had only been in the council for a short time and so took no part in the large number of other parts of the franchise bill."

He had criticized the council in the past but he found when he was elected and saw from the standpoints of the franchise bill that he had been right in his stand on the matter. He thought the scavenging should be done by contract and not by law labor that the Medical Health of men should be paid a certain salary and

he should be paid a certain salary and

## AROUND THE CITY

## LOCALS.

**Mr. J. H. Hooper**, of Morinville, is patient at the Misericordia hospital. Mr. Webster, of the Castle hotel, who has been ill at the Misericordia hospital, has left the hospital quite convalescent.

A most enjoyable time was spent by those who attended dinner given in Remond's hall last evening. About 150 couples were present.

Two drunks formed the entire entertainment at the hall last evening—the past two days. The total cases before the court for the month will be small.

The thefts of a number of wheels have been reported during the past days. It is hoped that the capture of these persons will result in severe punishment.

Miss Gertrude Elliott has accepted a position as teacher in the city office. Miss Elliott took her course in shorthand at the Grant Trunk Business College.

Mr. John C. Crimmins, contractor, has returned from Saskatoon with his grading gang. He has been at work on the branch of the C.R.R. through the Goose Lake country.

Mrs. Law, of Minnipeg, who was taken ill here whilst on an extended tour of the West, has recovered and leaves the Misericordia hospital to day quite recovered and returns to the city.

Miss A. Arnoldi, formerly a school teacher at Leduc, who has been taking a course of stenography, has been engaged by Mr. J. McNaughton, who has accepted a position in the office of Superintendent McCaug, of the city school board.

Whilst working for the Hughes Electric Company, writing the City Bill on sales tax, Mr. G. W. Donald Macdonald mounted a ladder without securing sufficiently the end on the side, and the ladder tipping off, injuring his knee.

The entertainment given last week by the Josephine Society in the L.O.O.P. hall was a success, and credit to those organizing it. The hall was handsomely decorated yellow and white, the colors of the Society.

Mr. G. W. Donald, late manager of the Winnipeg Business College, a practical business man, has joined Mr. Macdonald mounted a ladder without securing sufficiently the end on the side, and the ladder tipping off, injuring his knee.

The entertainment given last week by the Josephine Society in the L.O.O.P. hall was a success, and credit to those organizing it. The hall was handsomely decorated yellow and white, the colors of the Society.

Over \$600 was realized at the recent harvest supper of the Immaculate Conception church. Its closing night was marked by an interesting address by Rev. Fr. O'Farrell, S.J., on one of the various prizes won during the lottery contests. Miss Macdonald was the most popular young lady.

MacDoh, a Chinaman, died at the Public Hospital on Saturday morning after a illness of two weeks, from typhoid fever. He has several relatives in the city and is buried in the cemetery of the Newmarket Restaurant on First street. The funeral will take place on Monday.

## NOVEMBER BUILDING.

Edmonton's continued progress, despite financial stringencies and consequent retardment of growth in other cities is again evidenced by the building statistics for the month of November, which close today, as compared with November of 1906. In the month of November, 1906, the amount of the extent of \$84,683, as compared with \$75,416 in the same period of October.

The total for the year 1907 has reached \$1,000,000 or \$2,250,752, as compared with \$1,000,000 in the whole of last year.

Among the recent permits taken out are the following:

Edmonton Indus. Building, First street, \$17,000.

John Kellar, Jasper, dwelling, \$3,000.

John Kellar, McDougall, stable, \$2,500.

W. H. Clancy, Woodwork shop, \$500.

C. F. Cameron, Jasper, remodelling \$2,000.

Edmonton Club,肾脏亭, \$2,000.

Smith & Driesell, remodelling old Post Office, \$2,500.

R. Smith, remodelling Burns' building, \$700.

**POLICE WILL ENFORCE BY-LAWS.**

The Chief of Police is issuing circular letters to all dealers in firearms, air guns, etc., calling attention to the section providing for a fifty dollars fine to anyone selling a gun or air gun, etc., for a fine of \$25 for not keeping a record of all sales.

He is also requiring that the test-tube be placed in the by-law requiring lavatories, etc., for men and women.

## MUSICAL RECITAL.

The seventy-fifth recital of Mr. Ver Norbert's pupils was held last night in the school room of All Saints' church. The programme, which was well received, contained numbers included selections Chaminade, Gorillit, Rachmaninoff, Miss Jan Forney's "Merry Christmas," and "I'm in an excellent style," Gorillit's "Song," and "Love Me, and the World is Mine."

The programme included:

Gorillit's "The Brave Soldier," by Miss Besie Cooper, Chamberlain's "Song," Dr. E. J. Lane's "Song," Slovakia's "Value Lute," by Miss Nora Campbell; "Love Me, and the World is Mine," performed by Miss Anna Schubert, and Shulberg's "The Chase," by Miss Edith Allard.

Miss Jan Forney's "Merry Christmas," and "I'm in an excellent style," Gorillit's "Song," and "Love Me, and the World is Mine."

The programme included:

Gorillit's "The Brave Soldier," by Miss Besie Cooper, Chamberlain's "Song," Dr. E. J. Lane's "Song," Slovakia's "Value Lute," by Miss Nora Campbell;

"Love Me, and the World is Mine," performed by Miss Anna Schubert, and Shulberg's "The Chase," by Miss Edith Allard.

Miss Jan Forney's "Merry Christmas," and "I'm in an excellent style," Gorillit's "Song," and "Love Me, and the World is Mine."

The programme included:

Gorillit's "The Brave Soldier," by Miss Besie Cooper, Chamberlain's "Song," Dr. E. J. Lane's "Song," Slovakia's "Value Lute," by Miss Nora Campbell;

"Love Me, and the World is Mine," performed by Miss Anna Schubert, and Shulberg's "The Chase," by Miss Edith Allard.

Miss Jan Forney's "Merry Christmas," and "I'm in an excellent style," Gorillit's "Song," and "Love Me, and the World is Mine."

The programme included:

Gorillit's "The Brave Soldier," by Miss Besie Cooper, Chamberlain's "Song," Dr. E. J. Lane's "Song," Slovakia's "Value Lute," by Miss Nora Campbell;

"Love Me, and the World is Mine," performed by Miss Anna Schubert, and Shulberg's "The Chase," by Miss Edith Allard.

Miss Jan Forney's "Merry Christmas," and "I'm in an excellent style," Gorillit's "Song," and "Love Me, and the World is Mine."

The programme included:

Gorillit's "The Brave Soldier," by Miss Besie Cooper, Chamberlain's "Song," Dr. E. J. Lane's "Song," Slovakia's "Value Lute," by Miss Nora Campbell;

"Love Me, and the World is Mine," performed by Miss Anna Schubert, and Shulberg's "The Chase," by Miss Edith Allard.

Miss Jan Forney's "Merry Christmas," and "I'm in an excellent style," Gorillit's "Song," and "Love Me, and the World is Mine."

The programme included:

Gorillit's "The Brave Soldier," by Miss Besie Cooper, Chamberlain's "Song," Dr. E. J. Lane's "Song," Slovakia's "Value Lute," by Miss Nora Campbell;

"Love Me, and the World is Mine," performed by Miss Anna Schubert, and Shulberg's "The Chase," by Miss Edith Allard.

Miss Jan Forney's "Merry Christmas," and "I'm in an excellent style," Gorillit's "Song," and "Love Me, and the World is Mine."

The programme included:

Gorillit's "The Brave Soldier," by Miss Besie Cooper, Chamberlain's "Song," Dr. E. J. Lane's "Song," Slovakia's "Value Lute," by Miss Nora Campbell;

"Love Me, and the World is Mine," performed by Miss Anna Schubert, and Shulberg's "The Chase," by Miss Edith Allard.

Miss Jan Forney's "Merry Christmas," and "I'm in an excellent style," Gorillit's "Song," and "Love Me, and the World is Mine."

The programme included:

Gorillit's "The Brave Soldier," by Miss Besie Cooper, Chamberlain's "Song," Dr. E. J. Lane's "Song," Slovakia's "Value Lute," by Miss Nora Campbell;

"Love Me, and the World is Mine," performed by Miss Anna Schubert, and Shulberg's "The Chase," by Miss Edith Allard.
